What is IE?

The Office of Institutional Effectiveness (IE) provides high-quality data and analysis to inform college decisions. Our office is located in the Day Road Center. If you ever feel like taking a leisurely walk across campus, stop by and say hello.

Program Review Resource Requests

Did your program request additional resources through the program review process? You can now find the final resource request rankings on the [2019-2020 Program Review page](#). Once the budget for next year is finalized, the college will use these ranked lists to determine which requests are funded.

Requests are ranked by the program, VP area, a committee, and the Executive Team. Each of these rankings are the Prog, VP, Comm, and ET columns in the spreadsheet. The lists are sorted in order of the ET (i.e. final) ranking.

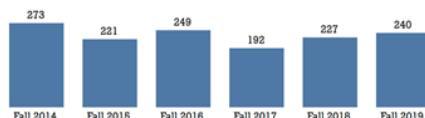

Exciting SLO/SUO News

The [SLO/SUO website](#) has been completely revamped. Thanks to the outstanding work of Nan Duangpun, you can now easily [search for the SLOs or SUOs](#) for your course, program, or service, and learn when they are scheduled for assessment.

Our stellar SLO facilitators, Asher Sund and Aurora Meadows, have also figured out a way to reduce the number of assessments by 30%!! This is done by mapping PSLOs and ISLOs to CSLOs. Please contact [Asher Sund](#) or [Aurora Meadows](#) for detail.

High School Dashboard

Which high school sends the most students to VC? What is the most popular major among students who went to Rio Mesa? The answers may surprise you. Take a look at our new [feeder high school dashboard](#) to learn more.
