

CHEMISTRY WORKSHOP:

THE CHEMISTRY OF HOUSEHOLD PRODUCTS

APRIL 15TH

LOCATION: SCI-218
TIME: 5:00PM - 6:15PM

INTERESTED IN LEARNING MORE ABOUT HOW
HOUSEHOLD PRODUCTS ARE MADE?

Join our workshop to learn more about:

- How chemists design and create household products
- How to create bath bombs, foaming hand soap and other common products
- Career opportunities in the local area that involve chemistry
- Creating your own version of products that you can keep & take home with you!
