

5th Anniversary

# Plot-A-Thon

# 2025

CSUCI

## Plenary Speaker Patrick Freeman

Learn how spatial analytics and data visualization is used for conservation work such as **modeling multi-species habitat connectivity** and identifying priority areas for **strategic conservation advocacy** for Conservation Science Partners (CSP). CSP provided research and analytics for the U.S. Bureau of Land Management, U.S. Forest Service, and The Pew Charitable Trusts to name a few!

## Lead Scientist, Conservation Science Partners

Friday, February 21, 2025

12:00pm-1:00pm (Zoom)
